

The diagram is a cross-section of a building structure. At the top, a horizontal dimension line indicates a width of 108, with 3 units on each side. Below this, a vertical section shows a central core with a width of 33. The core is surrounded by a structure with a total width of 6.5 + 33 + 23 + 42.5 = 105. The height of the structure is indicated by a vertical dimension line on the left, showing a total height of 10,985. The structure is divided into two main sections: an inner section with a height of 2,000 and an outer section with a height of 2,024. The outer section has a width of 24. The diagram also shows a central vertical axis and a horizontal axis at the base labeled 'FL'.
